Event Information

Thank you for your interest in the 33rd year of our Big Black Mountains Challenge 2018. To enter please go to the online registration system.

As in previous years, you can choose between three possible routes:

- A route (approximately 50 km)
- B route (approximately 27 km)
- C route (approximately 17 km)

We are keeping the A route extension to 30 miles taking in part of the historic beer track said to be the route over which the Prior's Black Canons transported ale to sell in Longtown and beyond so if you feel up for the extra challenge this is the one for you!

The B & C routes have been reversed so will start with a climb up Loxidge Tump so that you can enjoy the views in a different direction!

The three routes cover up to 15 summits of over 660m in the breath taking scenery of the Black Mountains in the Brecon Beacons National Park. You will need good navigation and hill skills to meet this challenge. It has all the characteristics of a mountain expedition, crossing peaks and valleys; walkers describing themselves as 'fit' take an average of 12 hours to complete the A route.
